

Homework Reception Autumn 2

Struggling? Let your teacher know straight away.

In expressive art and design, we will create colourful autumn pictures using conkers as a medium. We will explore autumnal colours and say which colour is our favourite.

Challenge: Can you create your own art work using autumn treasures?

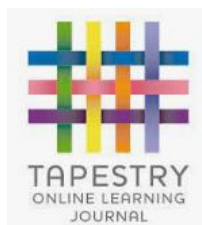

We will be learning about the different weather in the seasons, and what clothes to wear. We will have lots of opportunities to practise dressing up in autumn clothes to keep us nice and snug!

Challenge: Can you zip/button your own coat without any help?

Please pick an activity a week to complete and upload your work to Tapestry for your friends to see.

We will have show and tell Monday for the children to show and share their work on Tapestry. Thank you for your support.

We are going to be reading lots of books about autumn. We will learn that some books are non-fiction texts, and these books give us information.

Challenge: Visit your local library and borrow a book about autumn. What new information can you find? We would love you to share this in school.

We will be learning about nocturnal animals and hibernation. We will be able to name some animals that hibernate during the winter months.

Challenge: Can you create a winter home for an animal? What materials will you use? How did you build it?

Hedgehog Hibernation

Please don't forget to access the weekly phonics videos on Tapestry. These really do support the work completed in class.

This half term, we will be learning about 'autumn' and observing lots of signs of autumn.

Challenge: Can you go on an 'Autumn Walk' and try to find different signs of autumn.
